

Software Engineer - JavaScript

Are you a JavaScript developer who loves programming and architecting the web applications? Do you enjoy using a variety of tools and technologies to solve problems? Do you want to be part of an exciting, innovative, and fast paced growing software company? Do you value delivering highly innovative code & designs for our users and customers?

Our Research & Development organization is looking for highly motivated JavaScript software engineers who will help the company advance our suite of products and enhance our market leading UI and UX.

WHAT YOU'LL DO:

Work with people whose passion for creating outstanding software matches yours. Collaborate, brainstorm and work in an interactive, dynamic and rewarding environment that will challenge your skills and help you achieve the next level of your career.

You will have the opportunity to work on a web based software suite that has not only set a new standard for call center software, but has driven innovation within the entire industry. You will also be able to participate on a highly skilled team of other UI developers who are pushing the edge of what is capable within a web browser on a daily basis.

If you enjoy being challenged, and want to take your skills to the next level, then Calabrio is what you have been looking for.

IF YOU HAVE THESE SKILLS, CALABRIO IS LOOKING FOR YOU:

- Bachelors' degree in Computer Science or related field
- Proficient in HTML, CSS and Object-Oriented JavaScript
- 4+ years of experience with JavaScript.
- Skilled in Agile development methodologies (including unit testing and continuous integration)
- Great attitude!
- Bonus Points!
 - Experience with AngularJS
 - Experience using JIRA and Confluence
 - Experience with advanced charting/graphing JavaScript visualization libraries such as D3

ABOUT CALABRIO

[Calabrio](#) is a customer engagement software company that provides analytic insights to catalyze growth through customer service contact centers. The [Calabrio ONE®](#) software suite empowers everyone in an organization, from contact center agents to the CEO, with easy-to-use tools that provide a better understanding of the customer. Every customer interaction yields insights that expand customer-consciousness, which is how leading companies now drive growth and long-term corporate prosperity.

Calabrio solutions are built on an intuitive, web-based architecture that positions and accelerates the contact center as an epicenter for customer insight. A pioneer in its industry for more than two decades, Calabrio has been named “Leader” by Gartner in its Magic Quadrant for Customer Engagement Center Workforce Optimization (2015). The company is also a member of the Cisco Solution Partner Program and the Avaya DevConnect program.
