- IP Telephony (Cisco and Avaya) troubleshooting
- Develop and review implementation processes
- Document field-discovered software defects for software development teams
- Knowledge of VMWare
- Some travel (20%)

CORE COMPETENCIES

- Excellent troubleshooting, diagnostic, and analytical skills for problem solving
- Excellent verbal, written, and interpersonal communication skills to interact with team members, senior support personnel, high level personnel and customers
- Ability to work independently and as part of a team
- Must be able to prioritize project work
- Customer-facing/presentation skills
- Document skills – able to deliver low-level design documentation
- Strong research and consultative skills
- Project management skills

EDUCATION/EXPERIENCE

- 4-year degree preferred
- IP technology, CCNA/CCNP, and programming experience a plus

BENEFITS

We value our employees' time and efforts. Our commitment to your success is enhanced by our competitive compensation and extensive benefits package including paid time off, medical, dental, vision and 401k benefits and future growth opportunities within the company. Plus, we work to maintain the best possible environment for our employees, where people can learn and grow with the company. We strive to provide a collaborative, creative environment where each person feels encouraged to contribute to our processes, decisions, planning and culture.
